

## **TIMETABLE (GANTT CHART)**

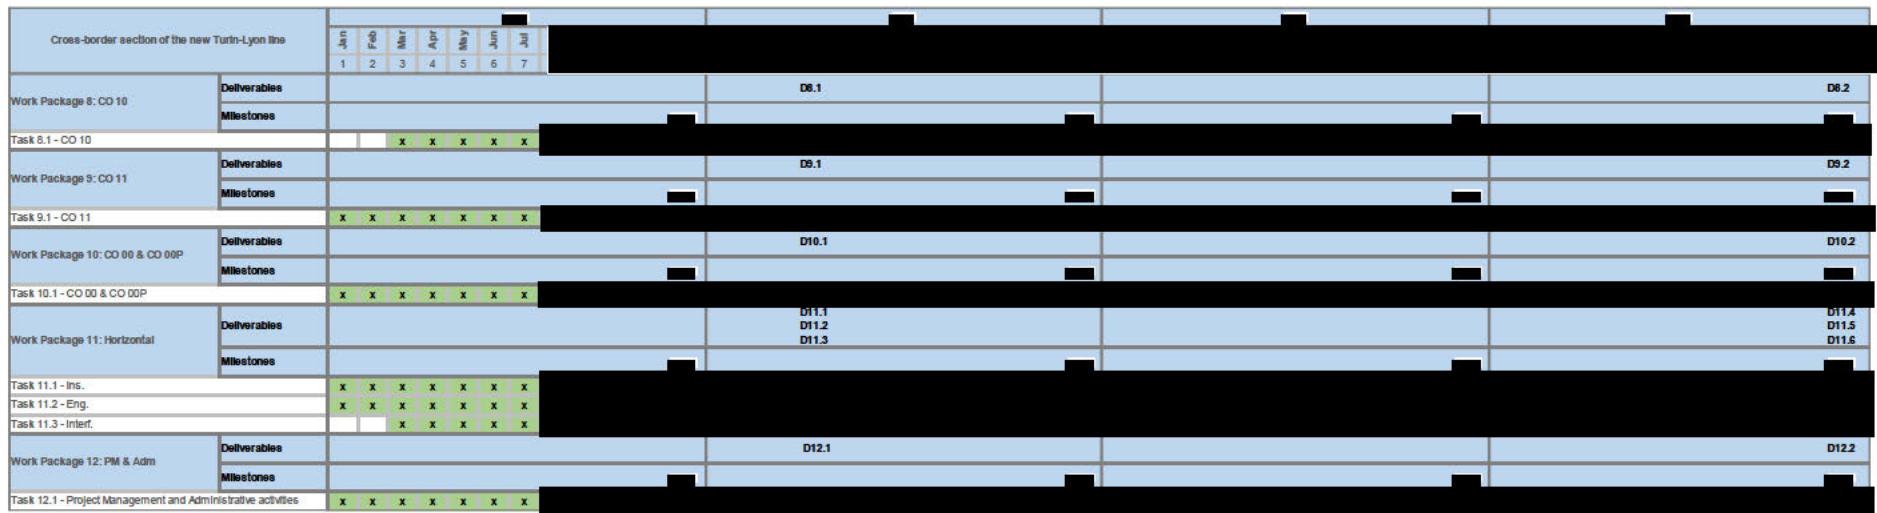

*Fill in the timetable below or replace it with a Gantt chart, respecting the minimum requirements presented below.*

*Use the project month numbers in addition to calendar months. Month 1 marks always the start of the project. Indicate the timing of each task per work package. Repeat lines/columns as necessary. Adjust the name of the months according to the start month of your project.*

*For the periodic report, show the agreed timeline (as provided by the Grant Agreement in force) in grey and the updated timeline in green.*

*For more complex projects, additional breakdown per sub-tasks and/or beneficiary is recommended.*

*(Indicate milestones on the timeline; marking those on critical path in red.)*

Please note that the green cells, hence the activities foreseen, reflects the project expenditure envisaged for each task. Some tasks, in which administrative activities are foreseen, may present deliverables even if the activities (green cells) are not started. This because all the administrative activities, hence the expenditure foreseen, are represented in the WP 12.
